CARBON CROSSOVER POWER WHEELCHAIR

MOB1123

This lightweight power wheelchair combines strength, portability, and comfort for all-day mobility. Constructed from durable carbon fiber, it weighs just 39 pounds with the battery, making it easy to lift, transport, and maneuver without sacrificing stability. The foldable design fits effortlessly into most car trunks, perfect for travel and everyday errands. Powered by a long-lasting lithium battery, it offers up to 6.2 miles of travel on a single charge, with an additional battery port available for extended range. A responsive 5-speed joystick, anti-tip wheels, and incline-ready settings allow for smooth navigation through tight spaces and indoor environments.

WHAT'S INCLUDED

- 1x Joystick
- 1x Lithium Battery
- 4x Anti-Tip Wheels
- 1x Cushion Seat and Backrest
- 2x Lithium Battery Ports
(for extended drive time if you purchase a second battery)

ULTRA-LIGHTWEIGHT AND DURABLE

Made with strong carbon fiber, this power wheelchair weighs only 39 lbs with the battery. It's easy to lift and transport while offering long-lasting support for daily mobility needs.

COMPACT AND TRAVEL-READY

Folds quickly for easy storage in car trunks, closets or tight spaces. Ideal for travels, errands, and everyday use without the hassle of bulking equipment.

LONGLASTING BATTERY

Go up to 6.2 miles on a single charge with the included lithium battery, perfect for all-day outings. A second battery port allows for even more range if you decide to purchase an extra battery.

SMOOTH WITH TIGHT-TURN CONTROL

Navigate indoor spaces with precision using a 5-speed joystick, anti-tip wheels, and incline-ready features. Great for maneuvering through narrow hallways and small rooms.

ALL-DAY COMFORT

Designed with a breathable padded seat, cushioned backrest, and adjustable armrests to keep you comfortable during long hours of use at home or on the move.
