ULTRA-LIGHT MAGNESIUM ALLOY FRAME

Crafted from durable magnesium alloy, this power wheelchair weighs just 42 lbs, making it incredibly easy to lift, fold, and transport. Ideal for travel, daily use, and caregiver convenience.

COMPACT AND TRAVEL-READY DESIGN

The slim, foldable frame fits effortlessly into car trunks and storage spaces, making it a perfect choice for users on the go. Designed for hassle-free transport and mobility.

EASY JOYSTICK STEERING CONTROL

A user-friendly joystick offers smooth, intuitive navigation for tight turns and narrow spaces. Whether indoors or outdoors, this chair ensures easy handling with minimal effort.

RELIABLE BATTERY POWER

Drive up to 10 miles on a single charge. This wheelchair delivers consistent power throughout the day, for peace of mind and dependable, uninterrupted mobility.

ALL-DAY PADDED COMFORT

Stay supported with a plush seat and cushioned backrest designed for long-term sitting. The modern, ergonomic design ensures lasting comfort without compromising style or durability.
